

# ED BULLER

A former Psychedelic Furs member, Ed was previously with 140dB in another lifetime when he produced award winning albums for SUEDE and PULP amongst others. Ed has returned to the fold and in these recent years is proving to be more on form than ever. Following his production of a debut album for WHITE LIES last year saw Ed consolidate his reputation as an up and coming writer / producer with his work on albums for THE CHEEK and THE COURTEENERS and ONE NIGHT ONLY.
